

Da bi Outlook Express pravilno funkcionisao, usljed izmjena na domenu T-Com-a (@t-com.me), potrebno je pravilno podesiti mail klijent.

I. Pokrenite Outlook Express

2. Izaberite **Tools**, pa **Accounts**, a zatim karticu **Mail**. Pošto imate već definisanu mail adresu, tu će se pojaviti njeno ime.
